TRANSMISSION OPTIMIZATION

TCU CALIBRATION

Professional transmission calibration to improve shift speed, torque delivery and drivetrain response.

-  Shift Speed Optimization
-  Torque Limit Adjustment
-  Shift Strategy
-  Clutch Pressure
-  Kickdown Configuration
-  Launch Control
-  Manual Mode Behavior
-  ECU / TCU Coordination

CALIBRATION HIGHLIGHTS

FASTER SHIFTS

Reduced shift times for maximum performance.

SHARPER RESPONSE

More immediate drivetrain reaction in all conditions.

TORQUE MANAGEMENT

Optimized torque limits for reliability and performance.

IMPROVED DRIVABILITY

Smoother, more refined shifts for daily driving and track.

LAUNCH BEHAVIOR

Stronger, more consistent launches with full control.

OPTIMIZED SHIFT LOGIC

Custom shift maps for your vehicle and driving goals.
